

# Group work

**Operationalization of sustainability:  
Putting plans into action**

# GW guidance (country teams)

- Based on existing sustainability plans
- Based on achievements and constraints discussed in rich country presentations and presentation and panel discussions
- Based on the ongoing efforts in the countries to improve PHC, move health systems towards UHC, Improve the health of mothers, newborns, children and adolescents,
- **Discuss what needs to be done to make sustainability plans more operational and addressing issues highlighted in the country presentations**
- Come up with a list of **7 to 10 priority actions** to be done in the next 12 months to implement the sustainability plans developed
- Last action point should be stated in the form of a recommendation from what we discussed in the meeting (Government, partners..)
