

Nutrition Subgroup Teleconference

Participants: Alfonso (World Vision), Michel, Dyness, Anna, Maura (all MCSP), Dolores Rio (UNICEF), Saul M., Asheesh (JSI), Casie (IRC), Zaeem (Save the Children), Amelia (IMC)

August 12th, 2015 at 9am EST

Agenda Item	Notes	Action Items
Research questions: Feedback survey findings	<ul style="list-style-type: none"> • Saul is on leave so at this point we are unable to give results of research study. Dolores discussed the survey with the iCCM in Emergencies Group and received some very general feedback. The main comment she received was that the questions were too general and there wasn't enough on the integration of nutrition to iCCM. • Nate Miller (Chair) also shared what he thought the priorities were in the survey. 	Dolores, Saul and Anna will take a closer look at the survey and determine how they can present the findings.
Core Group Fall meeting Discussion topics	<ul style="list-style-type: none"> • We received confirmation from Erin that our participation was accepted. Dolores and Jerome will be there as a host at a "Marketplace" table (15 minutes to discuss nutrition and iCCM at their station). As a group we can discuss what we want to present during this meeting. We should be ready with top, key-line messages to prepare, given the short amount of time provided. • There is some field-based participation for integrated nutrition activities to iCCM. In particular countries/settings it is more valuable than in others. It could be useful to use a mapping matrix like that of the Supply Chain to solicit in-country and organizational feedback. • We hope to get feedback from participants who have had success in integration nutrition and iCCM. Are we trying to get the answers to the questions, which would be difficult given the venue, or determining interest and figuring out if other groups have resources they can provide? Regardless, we need to ensure that the table is appealing to those looking to network, rather than just looking to solicit answers from others. 	
Coordination with other working groups	<ul style="list-style-type: none"> • Possible coordination with the Costing and Financing Subgroup and the OR Subgroup – will discuss further at next meeting. 	

AOB	<ul style="list-style-type: none">• On September 22nd there will be the launch of the Global Nutrition Report. The President of IRC will be presenting on the panel. A main talking point is iCCM and nutrition – accessing and reaching more people. They applied for R4D funding in summer – received green light to go ahead with proposal. Casie will share the expression of interest.• Next meeting will be October 2nd.	Casie will share expression of interest for funding. Next meeting is October 2 nd .
