Topic	Main Points	Decisions, Next Steps
CHNRI Update (Kerry, Mark)	<ul style="list-style-type: none"> Proposed partnership: MCHIP will help support partnership with Alvin Zipursky and Programme for Global Pediatric Research at U Toronto; paperwork likely done for mid-Feb start; Salim to meet them in Toronto on 5 Feb. Status of data collection form for identifying experts: PGPR may have form. Will “pilot” form used at Trop Med meeting at Peripheral Fever and at Pneumonia Diagnostics Meeting 	<ul style="list-style-type: none"> DM to re-send Trop Med form to Karin Kerry to request form from PGPR
Fever in Peripheral Settings – Geneva, 22-24 Jan (Franco)	<ul style="list-style-type: none"> Scope > iCCM (i.e., community->hospital; all ages), but useful to inform iCCM OR agenda; DH will facilitate session on broader fever research agenda. Thereafter, CCM.ORG will facilitate 6 hr meeting (24-25 Jan) to inform CHNRI. Also, CIDA’s Rapid Access Expansion (RACe) Project for iCCM in 5 sub-Saharan African countries has resources and requests input for cross-cutting research. 	<ul style="list-style-type: none"> DH to review Fever participant list and recommend invitees to CCM.ORG mtg and FP to invite them FP to convene ad hoc group for RACe
Pneumonia Dx – Copenhagen, 31 Jan-1 Feb (Mark):	<ul style="list-style-type: none"> Attendees: academics, technical, programmers; linked to Commodities Commission & amoxicillin Topics include: mHealth, timers, counters, oximetry 	<ul style="list-style-type: none"> Mark and Amy to brief next time
Evidence Review (Mark)	<ul style="list-style-type: none"> Theresa Diaz (UNICEF) is point person to organize a likely September evidence review to inform programs. By then the Catalytic Initiative and CHNRI will be able to contribute. BMGF and possibly CIDA interested. Steering Group meets on 29 Jan. Will want background papers. Much more later. 	<ul style="list-style-type: none"> Jennifer M to share Theresa Diaz’s 4 Jan background email
ASTMH (Nov 13-17, DC) (Stefan)	<ul style="list-style-type: none"> CCM.ORG should propose a panel annually. D Hamer (on Trop Med scientific review board) recommends a <u>single</u> strong panel. CHNRI, CI evaluation, and evidence review will yield many papers. Symposium deadline is March 5. Mark and David H have worked hard on this in the past. 	<ul style="list-style-type: none"> Mark agreed to be point person, liaising with Theresa
Multilateral Initiative for Malaria, Durban, 6-11th October (Stefan)	<ul style="list-style-type: none"> Brought up, but not discussed 	<ul style="list-style-type: none"> Stefan will guide us
GAPP-D, <i>Lancet</i> (Mark)	<ul style="list-style-type: none"> <i>Lancet</i> will publish updated pneumonia and diarrhea epidemiology in early April. There MAY be a meeting with priority countries’ representatives, etc. 	
OR tab of CCMCentral.com (Jenny)	<ul style="list-style-type: none"> OR priority list is out-dated. “On-going research” table – meant to promote networking – is confusing, out of date, incomplete. CHNRI and evidence review will greatly inform content. Challenge = to present it usefully. J Callaghan has ideas for how to present on-going research on CCMCentral.com 	<ul style="list-style-type: none"> D Hamer to send word document of new list from AJTMH supplement editorial; Soo Kim to post Jenny C to propose, illustrate and share format for on-going research
Overview of CCM Supplement (D Marsh)	<ul style="list-style-type: none"> CORE Group supported DM to record a ~40-min overview on “FUZE”. 	<ul style="list-style-type: none"> CORE to send an announcement with the link to the voice recording
Next meeting	<ul style="list-style-type: none"> 	<ul style="list-style-type: none"> Feb 13 at 10:00 EST.
