Recording link: https://mcsprogram.adobeconnect.com/pwqnv4j9f7mm/

Action Items:
- Subgroup members to brainstorm ways to incorporate objective 1 into an umbrella objective.
- Subgroup members to brainstorm indicators, results, and activities for their objective.
- Attendee's to the Ghana workshop on nutrition to meet in person the week of 10/29/18.

Next Call: Nov. 15th, 2018

Meeting Notes:
- Subgroup objectives:
    - Casie is at GNC and for task 4
    - Bethany Marron: I know that IRC (me) has in interest in #2 as well. Especially with regard to the CHW deliver component.
- Objectives
    - Should we revise #1 to be more of an umbrella objective? – this will be tabled for next month's call.
    - Dolores has left the group because now she is at UNICEF.
    - Daniel nutrition #3. What are our priority countries? A: none defined yet. Daniel will meet with his team and discuss the objectives and activities.
    - We can meet in person in Ghana next week
    - Results and activities can be identified.

- Identify lead organizations/points of contact for each objective
    - Objective 1:
        - Primary group responsible:
    - Objective 2:
        - Primary group responsible: Action against Hunger
    - Objective 3
        - Primary group responsible: Newborn Team; Stella and Cori.
    - Objective 4
        - Primary group responsible:
- Workplan/activities and next steps
    - Priority: assigning leads to the objectives and defining the objectives in a feasible way.
    - Next meeting: Some members of the subgroup who will be in Ghana for the Workshop on Oct 30-Nov 2nd **will meet in person** to discuss the objectives.
- Quality of Care
    - WHO has asked the Task Force to think of Quality of Care as a cross-cutting theme across all of the subgroups work.
