Scale-up of iCCM in HBHI countries to accelerate reduction of malaria mortality – introduction to group work

Addis Ababa, 26 July 2019
Each country team will discuss scaling-up of iCCM to accelerate reduction in malaria mortality based on the 4 HBHI Pillars.

**Pillar 1: Political will:**
- Prioritization of high child mortality areas
- Integrated approach for child health and malaria
- Investments in service delivery including iCCM
  - Human resources (CHWs, PHC)
  - Commodities and operations
  - Community engagement

**Pillar 2. Strategic use of information:**
- Tracking progress, outcome & impact of iCCM
- Use of routine health facility and community data to analyse disease trends and track commodities
- Other sources of data (population-based, implementation research, etc)
- Micro-stratification to support targeting interventions including iCCM
Pillar 3. Better guidance

• Policies (in existence and use)
• Integration in national health sector development plans
• Criteria for prioritization of areas and operationalization of iCCM
• Policy dissemination and use

Pillar 4. Leadership and Coordination

• Leadership and management
• Joint planning to accelerate child mortality
  • Human resources
  • Financial arrangements (including Gov)
  • Supply Chain Management
  • Community & Health Facility
  • Referral facility and referral system
• Partners alignment of technical and financial support
Expected outputs of working groups

Each country team will prepare 3 slides to share in plenary, including covering the following:

1. Main conclusions and action points,

2. Recommendations on country-specific action points for Ministry of Health, Government and country partners

3. Recommendations for global and regional partners on how to maximize HBHI approach to reduce child mortality
Partners to join country teams based on suggestions below

1. **Angola:** Chris Warren, PMI, Alfredo Francisco, WV
2. **Burkina Faso:** Aline Simen Kapeu, UNICEF; Guilhem Labadie, UNICEF
3. **Cameroon:** Anne Linn, PMI/USAID; Kathryn Malhotra, IMPACT Malaria; Catherine Kane, WHO
4. **Chad:** Andrea Bosman, WHO
5. **DRC:** Vanina Gahore, GF; Valentina Buj, UNICEF; Daisy Trovoada
6. **Ethiopia:** Rory Nefdt, UNICEF, Maru Aregawi WHO
7. **Ghana:** Hans Rietveld, MMV; Abigail Pratt, BMGF; Fred Binka
8. **Mali:** Eric Swedberg, SC; Adjoa Agbodjan-Prince, WHO
9. **Mozambique:** Patricia Jodrey, USAID; Geoffrey Bisoborwa, WHO
10. **Niger:** Sarah Hoibak, GF; Kharchi Tfeil, WHO
11. **Nigeria:** James Ssekitooleko, GF; Dyness Kasungami, GCHTF; Diana Measham, BMGF; Peter Olumese, WHO
12. **Sierra Leone:** Harriett Napier, CHAI; Alastair Robb, WHO
13. **Tanzania:** Lauren Lewis, PMI/USAID; Gunther Baugh; Teshome Desta, WHO
14. **Uganda:** Estifanos Shargie, GF; James Tibenderana, MC; Silvia Schwarte, WHO
