

Roadmap for Change

Domains of Change

Optimize finances to build on the long term

Support to foster governance

Cultivate collaboration and transparency between all actors

Reduce external dependencies in favor of sustainability

Steps of TA Blueprint

COUNTRY PRIORITIES & STRATEGIES

NEEDS ANALYSIS

HARMONIZATION & ALIGNMENT

FINANCING MODELS

IMPLEMENTATION

SELECTION OF IMPLEMENTATION PARTNERS

MONITORING & MEETINGS

EVALUATION

ADJUSTMENTS & SUSTAINABILITY

Concepts

GLOBAL TA RECOMMENDATIONS

2.1 Multi-sectoral TA

SHORT TERM

- The government rejects donor support that is not based on their needs and priorities
- TA contracts are made on a multi-sectoral basis

LONG TERM

- Coordination/governance committee

2.2 Review of TORs for TA providers

SHORT TERM

- TORs are clearly state for the coordinators at the peripheral levels
- Relationships based on respect
- Respect for the context

2.3 DRC SOP (Standard Operating Procedures)

SHORT TERM

- Procedural manual based on documents such as the Paris Declaration (2005) and Accra Agenda for Action (2008)
- Right of State/Gov. oversight
- Assembly of the work plan and TORs in coordination with a local consultant
- Imposition of local quotas

COUNTRY TA RECOMMENDATIONS

2.4 Contextualization of the work plan

SHORT TERM

- Contextualization of the road map
- AOP - needs of beneficiaries
- Re-imagined mapping of initiatives
- Participatory planning (Concept 2 - Previous work phase)

Community-based planning

Improve the planning and monitoring of activities according to the needs defined by the community (Concept 1 - previous work phase)

STATE/GOV. TA RECOMMENDATIONS

1.5 Community as donor

Multi-sectoral advocacy

Advocacy platform made up of multi-sectoral pressure groups for decision-makers (Concept 4 - Previous work phase)

1.6 Harmonization of funding calendars and classification of donors

SHORT TERM

- National and international multi-stakeholder study to unify funding models and classification of donors
- Harmonization calendars at classification of donors

LONG TERM

- Dissemination of funding models and calendars
- Submission schedule

1.2 Rethink the impact of incentives and finances

SHORT TERM

- Non-monetary daily allowances (per diem)
- All expenses paid
- Per diem based on performance
- Sanctions and rewards for attending meetings

LONG TERM

- Classification charter for countries at risk of corruption and embezzlement

1.1 Co-investment

SHORT TERM

- Progressive co-investment
- Government and TA actors are co-signers of funds

LONG TERM

- 50/50%

1.3 Funding to provinces and health zones to facilitate decentralization

SHORT TERM

- The DPS has a secure and accessible workplace funding
- Right of central and provincial level oversight
- Establishment of communication and accountability methods between all actors (element of contract)

3.3 Mandatory consultation platform

SHORT TERM

- Mandatory quarterly consultations to review the work plan with all actors
- Access to initiative data required (contractual)

LONG TERM

- Mediating body
- Website redesign

3.2 Strategic decisions dashboard

SHORT TERM

- Assist in the dissemination of strategic decisions
- Re-imagined mapping of initiatives
- National Health Development Plan dashboard

LONG TERM

- Provincial strategic dashboard

1.4 Advocate for infrastructure funding

SHORT TERM

- External resource costs not to exceed 30% of initiative budgets
- Quotas - utilize local personnel and reinforce local NGOs
- Motivation for NGOs

4.1 Reinforce the IGS/IPS

SHORT TERM

- Require partners to work with the IPS and DPS to reinforce institutional support
- Involve the IPS in the implementation of "unique contracts"

LONG TERM

- Affirmation of the role of the IPS (autonomous financing)
- Employee replacement justification checklist

4.3 Investment plan for the sustainability of initiatives (donors)

SHORT TERM

- Dormant bank account managed by a third party with funds to be used after project ends

LONG TERM

- Recycling of funds 50/50
- Return on investment
- Private sector investment in the country - a microfinance institution to help save/finance initiatives at the local level

4.2 Transition plan for the sustainability of initiatives

SHORT TERM

- Transition plan to be included in the work plan
- Work within existing system structures
- Invest in programs longer than 5 years
- At the beginning of a project, reflect on the post-project financing mechanism

4.3 Investment plan for the sustainability of initiatives (State/Gov.)

SHORT TERM

- State-funded financial sustainability plan
- Protection agreement

LONG TERM

- Contributions from all associations to facilitate coordination and collaboration
- Monetary sanctions for non-compliance

3.1 Share best practices

SHORT TERM

- National impact survey to capitalize on best practices
- Periodic review between the MOH and partners
- Competition between DPS volunteers
- Multi-sectoral committee - submission of best practices

LONG TERM

- Create a learning platform managed by the DEP (at the provincial and national level)
- Publication of good practices bulletin
- Website redesign

4.4 Motivate the volunteers

4.5 Motivate the health workers

SHORT TERM

- Aid for the meeting of community bodies with intrinsic incentives
- Put in place income generating activities
- Non-monetary per diem
- Benefits for personnel that help in the implementation of an initiative

"Mutualization" of care adapted to community dynamics

Based on the role of the State and the empowerment of mutual funds (Concept 3 - Previous work phase)
