

The Child Health Task Force is a global network of implementing organizations; NGOs; academic institutions; UN, multilateral, and bilateral agencies; in-country partners; and individuals working together to support the delivery of high quality child health services.

We convene and coordinate stakeholders to share knowledge and innovative solutions to programmatic issues. We develop new and improve existing tools and we work with country partners to translate evidence into stronger child health programs, enabling children to survive and thrive.

The Task Force is managed by a Secretariat, led by JSI Research & Training Institute, Inc. (JSI) with funding by USAID.

A Steering Committee provides the Task Force with support, guidance, and oversight. The Steering Committee consists of Aga Khan University-Pakistan, the Burkina Faso Ministry of Health, the Global Financing Facility/World Bank, JSI, Makerere University, the Malawi Ministry of Health, Save the Children, Total Family Health Organisation Ghana, UNICEF, USAID, and WHO.
