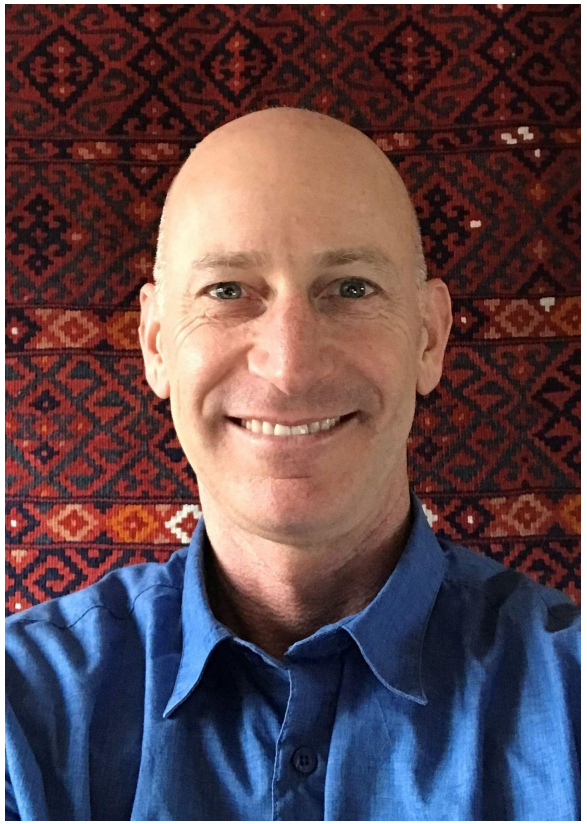
Digital Health & Innovation (DH&I) Subgroup Meeting

February 27, 2024

Co-Chairs



Matt Saaks
Director, Digital Innovation, Pathfinder

Jeanne Koepsell
Senior Advisor, Digital Health and CCM, Save the Children

Agenda

- Introductions
- Crowdsourcing activities:
  - # 1 - Where MOHs are integrating
  - #2 - most common apps / platforms (if time)
  - #3 - Ideas on priorities for the year
  - #4 -Preferences on frequency of this subgroup meetings and what to include

Crowdsourcing #1

Countries where MOHs are working on all-inclusive apps / platforms

- Please list out countries that currently have / are working on - put your agency's name after it if you are supporting the MOH's work.
- Put in indented bullets the components or any other information about that country (first is an example)

Crowdsourcing #2

Most common apps / platforms used in your work

- List the apps that you / your agency / your country are most likely to use. Put any specific points about them below the name of the type of app / platform. First is an example.

Crowdsourcing #3

Priorities for the year

- Using Etherpad, write:
  - Preferred webinars during the year
  - Ways to support MOHs working together across countries
  - Any other ideas

- Include your name if you are interested in helping with the activity

The Child Health Task Force is managed by JSI Research & Training Institute, Inc. through the USAID MOMENTUM Routine Immunization Transformation and Equity project and funded by USAID.

This presentation was made possible by the generous support of the American people through the United States Agency for International Development (USAID), under the terms of the Contract 7200AA18C00070 awarded to JSI Research & Training Institute, Inc. The contents are the responsibility of JSI and do not necessarily reflect the views of USAID or the U.S. Government.
